

WCMC

AD1456 Programme Officer - Policy

Application Pack

ABOUT WCMC

WCMC is a UK-based registered charity that operates in seamless collaboration with the UN Environment Programme World Conservation Monitoring Centre (UNEP-WCMC).

UNEP-WCMC is a specialist Centre on biodiversity, and nature's contributions to society and the economy. The Centre is confronting the global crisis facing nature through its unique position in ensuring science, knowledge and insights shape global and national policy, and by working with partners around the world to build capacity and create innovative solutions to environmental challenges. The Centre uses its position as a respected custodian of powerful and trusted environmental data to create positive impact for people and nature.

"We are in a make or break decade for nature with WCMC set to play a pivotal role in ensuring humanity finally begins to reverse the catastrophic loss of biodiversity globally."

Jonny Hughes, WCMC CEO

Thank you for your interest in the role of Programme Officer with the Policy Team

We are looking for a dynamic individual who excels in the realms of policymaking, policy-relevant research, and the management of complex relationships and projects, particularly those focused on global biodiversity and development challenges.

As a key member of UNEP-WCMC's Policy Innovation team, the successful candidate will be instrumental in advancing our work at the intersection of international policy, nature indicators, ecosystem assessments, and the interplay of nature, gender, and human rights. The Policy team counts over 25 experts, and collaborates closely with diverse partners, including UN agencies, governments, academia, and NGOs. In this role, you will be crucial in delivering inter- and multi-disciplinary policy-driven projects that align with our vision of a world living in harmony with nature.

The role demands a humble leader who can adeptly navigate complex projects and partnerships, streamline operations, and set a high standard for the team. Your ability to produce compelling, well-crafted materials for policy audiences will be key. This position offers the opportunity to be part of an innovative team committed to environmental stewardship, equity, and global sustainability. Your contributions will extend beyond shaping policies – they will be a catalyst for positive change and a more sustainable world.

In this role, you'll lead in championing evidence-informed policies and collaborating with skilled teams. Your primary responsibilities include managing complex projects, particularly within Horizon Europe's research and innovation framework, and fostering strategic relationships both within and outside the organization. You will effectively communicate complex ideas to varied audiences and lead project teams, driving their development and potential.

Your duties will encompass the innovative design and execution of impactful projects, ensuring high-quality outcomes. You'll engage in analytical synthesis for crafting audience-specific recommendations and reports. Additionally, you'll organize and oversee workshops, manage project budgets and timelines efficiently, using internal budget and management systems effectively, and supervise team members, ensuring adherence to quality standards. Representing UNEP-WCMC at external events and contributing to fundraising initiatives are also key aspects of this role.

Thank you for your interest in the role of Programme Officer with the Policy Team (continued)

We are seeking a candidate with a relevant honours degree (such as in politics, governance, law, international relations, environmental social sciences) and at least three years of experience in a policy-focused role. Essential skills include strong project management, particularly with multilateral policy frameworks, and a proven track record of producing high-quality policy materials. The role requires an in-depth understanding of international agreements related to biodiversity and the ability to effectively lead project teams. A strategic and analytical thinker capable of impactful policy work would be ideal for this position.

We will provide you with the challenge of working on high profile conservation projects, where your work really makes a difference to the field of conservation in an area aligned to our strategic aims and broader global initiatives. In addition to training and development opportunities, we offer a competitive salary and benefits package, including generous pension contributions.

If you are looking for a rewarding and challenging post where you can impress us with your expertise, we want to hear from you. Please complete our application form and send it together with your CV and a short covering letter through the link on our [website](#) by 21st January 2024. Applicants must be able to evidence the right to work in the UK.

ABOUT THE TEAM

We support policy-makers to take action for people and planet. We are internationally recognised for our experience and expertise in supporting governments in the development and implementation of biodiversity policies at national, regional and global scales.

Our team helps governments, both collectively and individually, to design and use tools, such as biodiversity indicators and national ecosystem assessments, to meet national and internationally established biodiversity-related goals and targets. We enable and enhance decision-making at all scales by improving the knowledge base for understanding and addressing biodiversity loss in a way that respects human rights and guarantees equality and non-discrimination.

We work to support the integration of nature across the UN system through the UN Common Approach to biodiversity, and the delivery of various biodiversity-related multilateral environmental agreements, including the forthcoming post-2020 global biodiversity framework being negotiated under the Convention on Biological Diversity.

ABOUT THE ROLE

Job Description

Main Purpose of the job

The main purpose of the job is to maximize impact and influence for the realization of UNEP-WCMC vision of a world living in harmony with nature, through effective policy support and innovation work. The advanced programme officer in the Policy Innovation area will use situational leadership skills to deliver and manage complex projects and partnerships, organize operations, lead by example, and deliver well written and well-designed output to policymakers.

Key Areas of Responsibility

This role involves championing evidence-informed policies and collaborating with dedicated teams, performing well in technical, operational, and enabling competencies, such as:

- **Project Leadership:** Oversee complex projects, emphasizing adaptive management, especially in Horizon Europe research and innovation projects.
- **Strategic Relations:** Develop and manage vital internal and external relationships, including negotiation with partners.
- **Effective Communication:** Fluent and adaptable presentation and communication of insights to diverse audiences.
- **Team Management:** Lead project teams within a matrix structure, fostering development and potential.
- **Innovative Implementation:** Design and execute impactful projects, ensuring quality and adherence to high standards.
- **Analytical Synthesis:** Systematically analyze and synthesize information, forming robust conclusions and audience-targeted recommendations.
- **Quality Output and Reporting:** Produce high-quality, well-designed outputs, including technical reports and policy briefs.
- **Workshop Facilitation and Monitoring:** Organize and facilitate workshops, expert meetings, and track international meeting outcomes.
- **Budget and Time Management:** Efficiently manage projects or components within budget and time constraints, with effective internal and external communication.
- **Team Supervision and Quality Assurance:** Supervise staff, interns, and consultants, ensuring adherence to UNEP-WCMC's quality assurance processes.
- **External Representation and Fundraising:** Professionally represent UNEP-WCMC at external events and contribute to fundraising initiatives.

Other Duties

The post holder will also be expected to extend their own knowledge of scientific and policy issues relevant to the work of the Programme on an on-going basis. Other duties may be assigned from time to time commensurate with the post holder's qualifications and experience adhere to such targets as may be communicated by their line manager. They may be required to present the Centre's work externally and undertake international travel on behalf of the Centre and present our outputs to external stakeholders

Person Specification

Qualifications/Education

Essential:

- Good honours degree in relevant field to policy innovation (e.g. politics, governance, law, international relations, international development, environmental sciences, environmental social sciences)
- Or degree in any other subject with postgraduate degree in relevant field.

Desirable:

- Postgraduate degree (Master or PhD) in a relevant field to policy innovation in biodiversity and nature's contribution to society and the economy.

Experience

Essential:

- Policy Role Experience: Minimum three years in a role focused on policy, with hands-on experience in multilateral policy frameworks.
- Project Management: Demonstrated ability to manage complex projects involving government, research, and non-government entities, including financial oversight.
- Policy-Oriented Output Creation: Proven track record of producing high-quality materials for policy audiences.
- Knowledge of International Agreements: Sound working knowledge of at least one of the following: the Convention on Biological Diversity and its Protocols; other biodiversity-related conventions; other multi-lateral agreements or international processes. Demonstrable in-depth understanding of the intersection between biodiversity policy and international development.
- Team Leadership: Experience managing project teams effectively.

Desirable:

- International Representation: Experience representing organizations in international settings.
- Workshop and Meeting Facilitation: Skilled in organizing and leading workshops and high-level meetings for government officials.
- Quality Assurance Application: Familiarity with applying quality assurance processes in project management.

Skills

- Writing and Proofreading: Excellent skills in writing and proofreading, with the ability to produce clear, concise reports for decision-makers.
- Critical and Analytical Thinking: Strong ability to analyze and connect various dialogues and activities, providing clear insights.
- Project Management: Exceptional project management skills, including staff motivation and adherence to time and budget constraints.
- Time Management: Capability to work under tight deadlines and manage competing priorities effectively.
- Communication: Excellent communication abilities, both written and spoken, with experience in representation and presentation in international forums.
- Interpersonal Skills: Strong skills in team collaboration and building relationships, both in-person and remotely.
- IT Proficiency: Competent in using IT tools like MS Excel, Word, PowerPoint, and citation and database software.
- Language Proficiency: Fluency in English, with proficiency in additional languages being advantageous.
- Innovation: (Desirable) A systematic and innovative approach to project co-creation.

Type of Person Required

The successful candidate will be a highly competent and organized individual, showcasing a passionate commitment to the role of multilateralism in addressing global biodiversity challenges. They should embody a combination of strengths such as Strategic, Analytical, and Achiever, enabling them to navigate complex projects and understand intricate international agreements.

An excellent writer with an eye for detail, the candidate will excel in synthesizing material for policymakers and demonstrate high personal standards in editing and critically reviewing policy reports. They will be a persuasive communicator, adept at building trust with partners and work colleagues from diverse cultural backgrounds.

They will possess outstanding project management skills, underpinned by willingness to embrace new challenges. The ability to meet deadlines and juggle multiple projects simultaneously is essential. This requires a focus on personal and group excellence and a responsibility trait to ensure commitment and reliability. Their flexibility will be key in maintaining adaptability in work planning.

In summary, the successful candidate will be someone who thrives in a dynamic, multi-faceted environment, bringing a blend of strategic insight, communicative clarity, and a robust, detail-oriented approach to their work.

OUR OFFER

Job Title: Programme Officer (advanced)

Team: Policy 'Impact Area'

Reporting to: Senior Programme Officer

Job Reference: AD1456

Start date: To be confirmed

Salary: GBP 35,000 to GBP 40,000 per annum, depending on skills and experience

Contract: Permanent, Full-time

Location: The post holder will reside in the UK. We have a flexible hybrid working policy in place, for further details, please see below. Please note that this role is not eligible for Visa sponsorship.

This is not a United Nations Post. This position is with the charity WCMC, working in collaboration with UNEP.

As a minimum we aim to match market rates for the conservation charity sector in Cambridge and invest a lot of effort to benchmark our salaries, ensuring that people are rewarded fairly for their role. To add to this, we offer some great benefits - here are the highlights:

- 12% non-contributory pension after 1-year of service (8% after three months).
- Annual cost of living increase and regular salary reviews.
- Good opportunities for progression and promotion around a fifth of staff gaining promotion annually.
- Flexible hybrid working policy which allows multiple combinations of home, office and remote working, including working from anywhere in the world for up to six weeks. The WCMC Flexible Working Policy is a pilot scheme, whereby employees are required to attend the Centre (office) in person for a minimum of 2 days a month. All employees MUST reside in the UK and live within a suitable distance of Cambridge to attend the office in line with the Flexible Hybrid Working Policy.
- Life assurance against death in service (4X annual salary).
- Company sick pay which increases with term of service.
- Generous annual holiday allowance of 25 days (FTE), increasing by one additional day each full calendar year worked up to 30 days.
- Scheme to buy or sell annual leave where staff can choose to 'buy' annual leave days or 'sell' unused leave.
- Generous maternity leave, shared parental leave and adoption leave policies that cover 18 weeks at 90% pay after a qualifying service period. Also four weeks paid paternity leave and one week paid grandparents leave.
- Unpaid sabbatical scheme which applies after at least 12 months continuous service with WCMC.
- Free parking at the Huntingdon Road office.
- Eye test costs covered and a contribution of £50 towards prescription glasses if your optician agrees that you need them for VDU use.
- Excellent training and development opportunities, designed for every career stage, with five days minimum training annually for every employee. This can be used flexibly for training courses, attending conferences, webinars or workshops, coaching and mentoring, shadowing or practicing skills or reading.
- Cycle to work Scheme which helps spread the cost of purchasing a new bike.
- Fantastic shared social space and kitchen facilities with free tea and fresh coffee.
- Employee assistance programme and bereavement line to offer help and advice to staff and their families on matters related to wellbeing, finances, relationships, family and more. This includes a number of free counselling sessions if they are needed.
- Brilliant social committee which organises regular fun events and social gatherings.
- Caring Staff Liaison Committee that listens and makes recommendations on continuously improving the working experience for staff.
- Focus on environmental sustainability kept in check by our Environment Committee.
- Free annual flu vaccine.
- Interest free study loans (subject to conditions).
- A diverse and inclusive workplace with over 40 nationalities represented on the staff.

Training

Our aim is to do our best for every person who works for us, so that they build their skills and knowledge over their career with us, and when they leave (some never do!) they are better placed to move onto the next stage of their career.

We have a comprehensive induction programme that spans the first 6 months including what's critical in the first week, first month, and then monthly afterwards.

- We encourage everyone to use 5 days for their own personal development each year;
- Standard training courses which include: management development; coaching culture; resilience; negotiation; pitching and closing a deal, for example.
- We also design our training and performance development reviews and organise bespoke training courses that meet the skill gaps in the organisation and fulfil the training needs of the people within it.
- Peer-to-peer learning from our community of experts, taking advantage of the breadth and depth of knowledge and experience across the organisation.
- Internal and external invited speakers, workshops and talks that anyone can join or initiate.

UNEP-WCMC Strategy

UNEP-WCMC delivers its strategy through four independent impact areas which are complemented by three cross cutting innovation areas.

The people

We have around 200 amazing people who make up our organisation. We are a really friendly bunch of professionals and do not think a single person has ever left the organisation without saying that it is the people that make the organisation fantastic and how much they will miss them when they leave. We truly do have world class scientists and professionals!

The culture

The WCMC culture is very supportive. There are lots of ups and downs in life, and we want to support our people through the difficult patches, so they can flourish again. We have a free employee assistance line that is available to all employees and their families and offers 6 remote counselling sessions and other advice services.

We have redesigned our kitchen and library to make a fantastic social space where you can have a quiet chat or a loud lunch with your colleagues! We have lots of outdoor space including a wildlife pond, which is a popular area for outdoor meetings and relaxation. We also have tea every Wednesday afternoon, with locally homemade cakes and catch up with everyone and everything that is going on at WCMC.

We are affiliated with Cambridge University, and have rooms in the David Attenborough Building that we can use when we wish. UNEP-WCMC is also a member of the Cambridge Conservation Initiative and we often collaborate with our CCI colleagues in our work.

WCMC attaches great importance to addressing safeguarding and ethical considerations in all activities carried out by its staff, including where partner organisations or individuals are part of the delivery of our work. This includes children and vulnerable adults in the community who may be vulnerable to abuse. WCMC acts with integrity, is transparent and expects applicants to share the same values.

Diversity

We really take our diversity seriously, as we operate globally and need to have the people perspectives within the organisation, to fully understand our clients and partners that we work with. Our aim following the introduction of the points based immigration system was to increase our diversity not only in our range of nationalities, but in all protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex).

WCMC has a sponsorship licence and always take the best candidate for the role from a whole range of applicants and offer sponsorship to those that require it where this is compatible with visa sponsorship criteria. Due to recent changes in this criteria, we are only able to offer sponsorship for our higher grade roles.

We have people that have worked for us for more than 30 years, and our fantastic internships often attract the best and brightest graduates.

HOW TO APPLY

If you are looking for a rewarding and motivating post, we want to hear from you.

Please complete our [application form](#) and send it together with your [2 page CV](#) and a [short covering letter](#) through this [link](#).

We screen candidates based on skills and experience and not their personal details.

Please do not include a photograph on your CV, and note that any applications which include a photograph may be automatically rejected.

Closing date: 21st January 2024
